# R MRMPHIS DATTY APPRATA

BY M'CLANAHAN & DILL.

ATLANTA, GA., THURSDAY. EVENING, SEPTEMBER 24, 1863.

VOL. XIV, NO. 192

PRANCE AND THE UNITED STATES.

The plans of Noy-leon - The Emperor intriguing

to effect a European contition against the Uni-

It is perfectly evident at this moment that the

Empire programme that has been carried out in: Mexico, was conceived when the dissolution of

he Union was believed to be a certainty, and

Government to aid and render certain in every

mediatian, and the shameless and apprincipled

manner in which the Government press has la-

North and the Government at Washington.

But now, since the late National successes, even

the most prejudiced can see that there is a pea-

mable hope of a spendy military occupation o

he region in rebellion; but it is to change the

Mexican programme, for Gen. Forey had already

portant events in the United States had not reached either him or the Government of Paris,

Thus, the programme was disclosed a few

days too soon, and the French Government be-

tame fatally committed to the ample policy.

What, then, is the next best thing to be done

reconsolidate her power, and attempt an enforce

alliance, nor that other argument of a disinter-

entownt at Washington to break up this project

other European powers should fall to take the

asmo view of this question that Prance does,

remails are and their friends, in reference to is incornistent with every principle of the divine the great military and naval expeditions about eccaciny to bless a people who abandon them to depart from that coint. It is understood that solves to their own hearts' lusts. It is those, the flower of Gen Grant's army, recently open and those only, whose "ways please the Lord" aring at Vicksburg, is or would be embarked on that He causes to be at peace with their one-this important expedition, the destination of mica." Again we sound the alarm in the ears which, it has been given out, is Mobile, A's of our people—report! repent! repent! The rebel sympathic its, however, who are usu-ally wise above what is writted, are unwilling to accept this Mobile theory. They are quite sure that the expedition is going in just the con-trary direction, and that "Mobile" is only used by the Federals as a blind, to put the rebels off their guard. In short, they are quite certain that the expedition will turn up, not in Alabama, at the mouth of the Tombigbee, but in Texas, at the mouth of the Rio Grande. They are likewise certain that the movement was to be marked by great celerity; they say some of the troops had already gone forward, and would be occupation," there, before the George Washin ton could reach New York. The further talk among those wonderfully wise rebel sympsthisers, was that this concentration of Federal omequence of an anticipated rapture of friend-y relations between France and the United A ten the French Emperor in respect to his recent aplied with, will be immediately followed by se invasion of that country by the army

President Lucols and the legitive Markan President Justes: that, finally, a war between Prance and the United States, growing out of bese complications, is now insvitable, etc., etc. We give these reports for what they are worth, and we leave it to the intelligence of the reader to apprise them at their actual walne. If there is really any foundation for the statement that the destination of the New Orleans expedition ing us on a common platform, aid and against us is the month of the feet the constitution, and maintain the Constitution, preceive the Union, and maintain the Constitution, preceive the liberties of the people and the unity of the nation, and seems to put them on the Mobile scant. The proof of is the mouth of the Rio Grande, how Reserved. That we are opposed to the decirine from Brownsville, Texas, published in the Express a few days ago, which stated that General Bue, the rebel commander on the Rio Grande, had ordered the removal of the custom bouse at Brownsville to R imo, a place about unchundred and fifty miles above. We see not aware that and we are opposed to all interference by the continues above. We are not aware that clitically trying one seath with the domestic affairs of any other State, because the one tends directly to centralization of power in the General Government, and the other tends to destroy the peace and harmony of the peace; that we are opposed to the assumption of any assumed powers by any department of the Government as the peace and the continues of the Border's Washington of the Southern Confederacy. We have information that the France than to the Southern Confederacy. We have information that the France than to the Southern Confederacy. We have information that the France than to the Southern Confederacy. We have information that the France than the continues of the several and the peace and thrust it through the window of the Government as the unfortunate unit of the Government as the unfortunate suitor, completely knocking one evening to obtain a glimps of his award hours, who must allow the continues of the south and the continues of the south that the France than the continues and the confiderate bave any military force in that quarter to oppose our troops, but, even if they have not know the continues of the south and the continues of the south that the peace and thrust it through the window of the flow of the intent of the Government as the the continues. Confiderates beve any military force in that quarter to oppose our troops, but, even if they have not know the continues of the seven that they have and intellected in the continues. Confiderates beve any military force in that quarter to oppose our troops, but, even if they be central glicemy nights, the condition. Surely, you would not know him they have and intellected in the solid walls around his approach of the solid walls around his approach of the people; that we are in the continues of the more and thrust it through the window of the solid walls around his approach of the people and continues.

In the Confiderate hours of the continues of the continues of

few miles ab we the junction with the Gulf of scratched on the handle, and this led to the mur-Mexico. Immediately across the fiver is the Siste of Texas, the town of Brownsville heing A Paristan trai river, and cannot be blockaded, while Mateand to the contratand trade. How far this areceeding is likely to compromise our triendly reit may result in a collision with his soldiers on the opposite of the river, are problems we do not care at process to discount. The time for

The War in Virginia. PROM NORTHERN VINGINIA.

The news last evening was extremely vagu and very indefinite in its observerse. Conflicting reports were in circulation as to the movemen our army, but the most reliable that we can a general engagement cannot be much longer that this programme was based upon man be-delayed, unless one army or the other falls back. This programme once adopted, it became the interest and constant desire of the French Government to aid and render certain in every fight was in progress, is, we are assured, after diligent liquity, without foundation. A gen-thouse who arrived by the Central train informs thus we understand the different attempts a at may be made against it.

Were it armient we might fell of cosy chamthe Rapiden at Michall's ford on Saturday. when a spirited alriman took place, resulting in the capture of some thirty or lorty of the ea-stry, and driving him back neroes the river. These skirmlelpes are of frequent occurrence,

SOUTHWESTERN NIBORIA. The Yankous continues to threaten the Virairing the truth or falsity of this report, but from the fact that we were in telegraphic comannication with Zollicoffer, ten miles beyond, Saturday evening, we are inclined to believe has no foundation in fact. Our latest advices w mail were to the effect that the Yankee raid-Walter, Lieut Saltne, communiting on the oc. ers had retired from the line of the road, having I will tell you.
